

Dear Motor Carrier, Broker, Leasing Company or Freight Forwarder:

This is a reminder to register your annual filing for the Unified Carrier Registration (UCR). Our records indicate that you, or your company, have not registered for UCR for the 2015 year. The 2015 UCR registration became available on Oct. 1, 2014, and nationwide enforcement begins **Jan. 1, 2015**.

As you register for the 2015 year, please be sure you have paid for the 2014 registration year.

The Unified Carrier Registration Act requires individuals and companies that operate commercial motor vehicles in interstate or international commerce, including brokers, leasing companies, and freight forwarders, to register their businesses and pay an annual fee based on the size of their fleets.

Register online or pay using your smart phone 24/7, 365 days a year at www.ucr.in.gov. The mobile version even allows enforcement officers to verify the registration on the road anytime, anywhere.

If you prefer to mail in your application with a check, as opposed to paying online, you may go to www.ucr.in.gov to print the UCR application.

If you have already registered and paid for the 2014 and 2015 UCR, you may disregard this notice.

If you have questions regarding UCR, please contact your [state](#). If you are a non-participating state, contact the closest participating state on the contact list. Note that the Indiana Department of Revenue's Motor Carrier Services Division hosts the national UCR website, but your base state will be able to best answer your questions.

Sincerely,

S. Bowling
Indiana Department of Revenue
